

Meltblown Polypropylene Degreasing Industrial Cleaning Wipes is a quarterfold style. Designed for wiping tasks where low lint or use of chemicals are required. Engineered for critical applications involving solvents, inks, and paints. Acid, base and solvent resistant. Perfect for use with lubricants, oil and grease. Polypropylene construction.

Industrial Cleaning Wipes have features that make them a smart choice for critical applications

- 1.Low lint
- 2.Polypropylene construction
- 3.Solvent-resistant
- 4.Useful for cleaning

Product Features

- 1.8 packs per case, 66 sheets per pack, case total: 528 sheets
- 2.Industrial Cleaning Wipes are low lint and made of durable, textured polypropylene
- 3.Ideal for cleaning grease and oil off of tools and surfaces; very absorbent, which makes cleaning and prepping easy
- 4.Solvent-resistant, so useful for furniture finishing by hand, engine assembly / repair, appliance assembly, and glass or window cleaning
- 5.Quarterfold format means a compact pack size

Applications include: furniture finishing, engine assembly/repair, pre-packaging wipe down, LCD panel assembly, appliance assembly, printing, and glass or window cleaning
